### SETTING TOOLS

			MM THICK	PCS/BAG	SUGGESTED LIST PRICE
PP-PRSC1	PROLEVEL - CROSS SPACER : 1/16"		1 MM	100	\$85.00 EA
PP-PRSC2	PROLEVEL - CROSS SPACER : 3/32"		2 MM	100	\$85.00 EA
PP-PRSC3	PROLEVEL - CROSS SPACER : 1/8"		3 MM	100	\$85.00 EA
PP-PRSC5	PROLEVEL - CROSS SPACER : 3/16"		5 MM	100	\$85.00 EA
PP-PRSL1	PROLEVEL - LINEAR SPACER : 1/16"			1 MM	100
PP-PRSL2	PROLEVEL - LINEAR SPACER : 3/32"	2 MM		100	\$85.00 EA
PP-PRSL3	PROLEVEL - LINEAR SPACER : 1/8"	3 MM		100	\$85.00 EA
PP-PRSL5	PROLEVEL - LINEAR SPACER : 3/16"	5 MM		100	\$85.00 EA
PP-PRST1	PROLEVEL - T SPACER : 1/16"			1 MM	100
PP-PRST2	PROLEVEL - T SPACER : 3/32"		2 MM	100	\$85.00 EA
PP-PRST3	PROLEVEL - T SPACER : 1/8"		3 MM	100	\$85.00 EA
PP-PRST5	PROLEVEL - T SPACER : 3/16"		5 MM	100	\$85.00 EA
PP-PRSSV	PROLEVEL - LEVELER REMOVER				50
PP-PRST	PROLEVEL - ROTATING POMMEL CAP			50	\$155.00 EA
PP-PRSPC	PROLEVEL - PROTECTION CAP			50	\$160.00 EA
PP-RC1	PROGRESS PERFORATED - CROSS SPACER : 1/16"		1 MM	250	\$5.50 EA
PP-RC2	PROGRESS PERFORATED - CROSS SPACER : 3/32"		2 MM	250	\$5.50 EA
PP-RC3	PROGRESS PERFORATED - CROSS SPACER : 1/8"		3 MM	250	\$5.50 EA
PP-RC4	PROGRESS PERFORATED - CROSS SPACER : 5/32"		4 MM	250	\$5.50 EA
PP-RC5	PROGRESS PERFORATED - CROSS SPACER : 3/16"		5 MM	250	\$5.50 EA
PP-RC7	PROGRESS PERFORATED - CROSS SPACER : 9/32"		7 MM	250	\$6.25 EA
PP-RC10	PROGRESS PERFORATED - CROSS SPACER : 3/8"		10 MM	250	\$10.95 EA
PP-RT1	PROGRESS PERFORATED - T SPACER : 1/16"		1 MM	250	\$5.50 EA
PP-RT2	PROGRESS PERFORATED - T SPACER : 3/32"		2 MM	250	\$5.50 EA
PP-RT3	PROGRESS PERFORATED - T SPACER : 1/8"		3 MM	250	\$5.50 EA
PP-RT4	PROGRESS PERFORATED - T SPACER : 5/32"		4 MM	250	\$5.50 EA
PP-RT5	PROGRESS PERFORATED - T SPACER : 3/16"		5 MM	250	\$5.50 EA
PP-RT7	PROGRESS PERFORATED - T SPACER : 9/32"		7 MM	250	\$6.25 EA
PP-RT10	PROGRESS PERFORATED - T SPACER : 3/8"		10 MM	250	\$10.95 EA

Proleveling System is a revolutionary and innovative leveling system when laying medium and large materials with a thickness between 3 and 40 mm. The patented system is made of 2 elements: – A leveling base (1-2-3-5 mm size) with spaced notches that allow spacing/separating/ joining floors of any type and material in a way that is: linear, cross and half cross with joints to be chosen between 1 mm, 2 mm, 3mm and 5 mm. – The threaded stem is attached perpendicularly to the base in a way that allows for easy adjustment with turns of the cap during installation. Removal of the cap and Stem after the materials are set is made easy with strategically placed breakage points that release by kicking or tapping the cap in the direction of the joint. One cap fits all threaded stems and can be reused an infinite amount of times for big cost savings.
