TRUGARD SHOWER SYSTEM

			SUGGESTED LIST PRICE
TG-VS330	TRUGARD VAPOR-SHIELD MEMBRANE - 3'3"x102'	330 SF/ROLL	\$1.79/SF
<p>The Trugard Vapor-Shield is a pliable polyethylene waterproof membrane that is used in conjunction with ceramic and stone tile coverings to quickly and easily waterproof your shower and protect your home or property against costly leaks, mold and deterioration. The advanced polyethylene material is crack-resistant and provides the perfect substrate to anchor your tile or stone to your shower wall with its fiber webbing. Tiles are installed directly on to the Trugard® Vapor-Shield Membrane.</p>			
TG-BAND-100	5" SHOWER BAND - 8MM THICK <i>SAME MATERIAL AS TRUGARD VAPOR-SHIELD</i>	100 LF/ROLL	\$0.91/LF
<p>The Trugard Shower Band is used to seal butt joints, corner joints and small areas. Trugard® Vapor-shield Membrane is a pliable polyethylene waterproof membrane with limited crack-bridging capabilities. It is covered on both sides with a special fiber webbing to anchor the membrane in the thin-set mortar. It is used in conjunction with ceramic and stone tile coverings. Tiles are installed directly on the Trugard® Vapor-shield membrane using the thin-bed method. Use with Trugard® Inside and Outside Corner Seals and Trugard® Pipe and Shower Valve Seals, to complete the water tight and leak-proof complete vapor-shield envelope.</p>			
TG-SEAL-KT1	TRUGARD SEAL KIT SEAL KIT INCLUDES: <ul style="list-style-type: none"> ● INSIDE CORNERS x4 ● OUTSIDE CORNERS x2 ● PIPE SEAL x1 ● SHOWER VALVE SEAL x1 		\$55.00 EA
<p>Trugard Seal kit consists of prefabricated seals made of cut out sections of the TRU-GARD® Vapor-shield waterproofing membrane designed to create a tight seal around protrusions and corners through and around the TRU-GARD® Vapor-shield membrane. This makes the shower waterproofing envelope water tight and leak-proof.</p>			
TG-TRUSEAL	TRUSEAL SEALANT - 10.7oz TUBE		\$25.00 EA
<p>The TruSeal Sealant is a High Performance Sealant & is the evolution of high performance sealants. TruSeal is a state-of-the-art single component hybrid polymer bonding compound chemically designed to withstand severe climate, weathering and environmental conditions, especially wet and moist conditions. TruSeal MS possesses excellent adhesion to a wide variety of substrates and is the perfect companion for Trugard Vapor-shield waterproofing membrane for use as a sealant or joint filling compound.</p>

TRUGARD SHOWER SYSTEM

		SUGGESTED LIST PRICE
TG-DRNKT-4SSBN1	TRUGARD 4" CENTER DRAIN KIT - BRUSHED NICKEL [2" OUTLET]	\$135.00 EA
TG-DRNKT-4BRZ1	TRUGARD 4" CENTER DRAIN KIT - OIL RUBBED BRONZE [2" OUTLET]	\$155.00 EA
	DRAIN KIT INCLUDES:	
	<ul style="list-style-type: none"> • DRAIN BODY & 4" GRATE • TRUSEAL SEALANT x1 • INSIDE CORNER SEALS x4 • OUTSIDE CORNER SEALS x2 • PIPE x1 & VALVE x1 SEALS 	
<p>The Trugard Standard Drain Kit is specifically designed to allow simple and secure connections to Trugard Vapor-shield or other bonded waterproof membranes. The Drain features a textured, wide funnel bonding flange to provide a watertight connection to the membrane and easily connects to standard drain outlets, for both new construction and renovations. Truseal/Evoseal Sealant is a necessary part of the installation for a long-term leak-proof connection.</p>		
TG-LD24SS-CL1	TRULINE LINEAR DRAIN - 24" PERFORATED CLASSIC	\$460.00 EA
TG-LD28SS-CL1	TRULINE LINEAR DRAIN - 28" PERFORATED CLASSIC	\$500.00 EA
TG-LD34SS-CL1	TRULINE LINEAR DRAIN - 34" PERFORATED CLASSIC	\$545.00 EA
TG-LD42SS-CL1	TRULINE LINEAR DRAIN - 42" PERFORATED CLASSIC	\$575.00 EA
TG-LD48SS-CL1	TRULINE LINEAR DRAIN - 48" PERFORATED CLASSIC	\$625.00 EA
TG-LD58SS-CL1	TRULINE LINEAR DRAIN - 58" PERFORATED CLASSIC	\$725.00 EA
TG-LD72SS-CL1	TRULINE LINEAR DRAIN - 72" PERFORATED CLASSIC	\$825.00 EA
TG-LD28SS-S1	TRULINE LINEAR DRAIN - 28" S STYLE	\$500.00 EA
TG-LD34SS-S1	TRULINE LINEAR DRAIN - 34" S STYLE	\$545.00 EA
TG-LD42SS-S1	TRULINE LINEAR DRAIN - 42" S STYLE	\$575.00 EA
TG-LD48SS-S1	TRULINE LINEAR DRAIN - 48" S STYLE	\$625.00 EA
TG-LD58SS-S1	TRULINE LINEAR DRAIN - 58" S STYLE	\$725.00 EA
TG-LD24SS-TI1	TRULINE LINEAR DRAIN - 24" TILEABLE	\$430.00 EA
TG-LD28SS-TI1	TRULINE LINEAR DRAIN - 28" TILEABLE	\$460.00 EA
TG-LD34SS-TI1	TRULINE LINEAR DRAIN - 34" TILEABLE	\$500.00 EA
TG-LD42SS-TI1	TRULINE LINEAR DRAIN - 42" TILEABLE	\$540.00 EA
TG-LD48SS-TI1	TRULINE LINEAR DRAIN - 48" TILEABLE	\$575.00 EA
TG-LD58SS-TI1	TRULINE LINEAR DRAIN - 58" TILEABLE	\$700.00 EA
TG-LD72SS-TI1	TRULINE LINEAR DRAIN - 72" TILEABLE	\$765.00 EA

The TRU-LINE Linear Drain consists of a formed stainless steel channel body and a grate assembly that can be seamlessly adjusted to the thickness of the ceramic tile or stone covering from 1/4" to 1". The channel body features a standard 2" no-hub outlet. The simple no-hub coupling connection to standard drain outlets makes TRU-LINE suitable for new construction and renovation.

TRUGARD SHOWER SYSTEM

		SUGGESTED LIST PRICE
TG-TRY-3260CTR	TRUSLOPE DRAIN TRAY - 32"x60" [CENTERED]	\$120.00 EA
TG-TRY-3260OS	TRUSLOPE DRAIN TRAY - 32"x60" [OFF-CENTER]	\$120.00 EA
TG-TRY-4848CTR	TRUSLOPE DRAIN TRAY - 48"x48" [CENTERED]	\$130.00 EA
TG-TRY-EXT	TRUSLOPE DRAIN TRAY EXTENSION - 12"x36"	\$30.00 EA
<p>The TruSlope tray is a pre-formed lightweight prefabricated Shower floor substrate, made of expanded polystyrene foam for constructing a mortar- free shower base. It is designed specifically to integrate with the TruCurb, Vapor-shield waterproofing membrane and Trugard Drain to create a water-tight and leakproof tile floor assembly.</p>		
TG-CURB-548	TRUCURB - 48"L x 4.5"W x 5"H PREFABRICATED SHOWER CURB	\$66.00 EA
<p>The TruCurb Shower Curbs are lightweight prefabricated Shower dams, made of expanded polystyrene foam designed specifically to integrate with the TruSlope Trays, and Vapor-shield waterproofing membrane to create a water-tight and leak-proof tile floor assembly.</p>		
TG-TRYLD-2460S	TRUSLOPE LINEAR DRAIN TRAY - 24"x60" [2-1/4" TO 1-1/8" PERIMETER TO DRAIN HEIGHT]	\$170.00 EA
TG-TRYLD-4960S	TRUSLOPE LINEAR DRAIN TRAY - 49"x60" [2-1/4" TO 1-1/8" PERIMETER TO DRAIN HEIGHT]	\$250.00 EA
<p>TruSlope's One-slope shower trays is a prefabricated substrate, made of expanded polystyrene foam, for use in conjunction with the Vapor-shield waterproofing membrane. The OneSlope Linear Drain Shower Tray is specifically designed to accept the TruLine Linear Shower Drain in the specific use of a Curbless linear Drain design.</p>		
TG-NCE-13201	TRUNICHE SHOWER SHELF - 13.25"x20" [4" DEPTH]	\$100.00 EA
<p>TruNiche prefabricated Shower Niches are made of high-density lightweight extruded polystyrene with a strong waterproof cement and fiber mesh layer on the top and bottom surfaces for quick and easy installation. TruNiche recessed Niches are used to maximize convenient storage space within any size shower and are often a beautiful architectural accent.</p>		
TG-BENCH-CNR162	TRUBENCH - 6"L x 20"H x 16"D [CORNER/TRIANGULAR]	\$135.00 EA
TG-BENCH-1236	TRUBENCH - 36"L x 20"H x 12"D [RECTANGULAR]	\$230.00 EA
TG-BENCH-1448	TRUBENCH - 48"L x 20"H x 14"D [RECTANGULAR]	\$315.00 EA
<p>The TruBench Shower Bench is a shower bench made out of lightweight expanded polystyrene. It is designed to integrate with TruSlope shower trays, provide handicapped accessibility, and can be tiled upon.</p>
